Dear Sir

In regard of the amendments in respect of the above planning application in particular to the request to enlarge first floor window (east) elevation.

I would like to object to this as the original plan shows a very adequate size window. This window will overlook our garden and we will loose privacy without it being unnecessarily over sized. It's a large unnecessary intrusion.
As this is a complete new build property we will already have to get used to being overlooked and all the extra noise that comes with a four bed property.
Please take this into consideration.
Yours sincerely
J Nicholas (Mrs)
