Comments

As before we have no real ~~problem~~ with the idea of converting 1, Adur Drive into two flats, We are really concerned about the amount of time this work would take, there is no mention of this in the Application. There is no extra parking at all in this road, 1, Adur Drive have several cars and vans and have never tried to ease the problem by using their garage at the rear of their property so I do not believe this would happen if the conversion went ahead. I'm sure the lorrys and builders will block our exit without worry. We do park our vechicles behind our property. We also have several tennants using Adur Drive to park their cars and they live in Carlyn Crescent. They park because they all use there back doors, instead of front of property. So we cannot have any more extra cars and vans at the end of this road for long periods.
