Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment: - Privacy Light and Noise

Comments: The design looks incredible. However we have not lived in our home a week and we are unsure on the impact of loss of light and privacy into our garden and home. Having only been in our new home 6 days, we cannot really say how much impact this will have long term on our property. We have only just been made aware of the planning application and welcome further information to fully understand the development proposed.
