PLANNING STATEMENT

This application seeks to replace some existing windows at the property and replace with new upvc heritage style sash windows.

Some existing windows are timber sash, some are metal frame and some are upvc plastic. These are present to the first floor at the frontage.

All the windows to be replaced are in a very bad state of repair with some fixed shut.

A similar application to add a new upvc heritage style sash was approved in May 2021 (Application number AWDM/0898/21)
