Stance:	Customer objects to the Planning Application
Reasons for comment:	- Highway Access and Parking - Other

Comments:	I wish to make my objections known to this application. I am a volunteer at Worthing Spiritualist Church and although it says the application is to change use from school to nursery school in the years I have volunteered there I have never seen it used as a school. I would be concerned about the impact of noise on our activities. I am a healer at the church and our sessions are by nature quiet and meditative. If there is talking during a session it is usually at a whisper so as not to disturb others so pick up and drop off as well as playtimes are likely to impact this peace in my view. Parking is already limited around the area and although within the planning and heritage statement it talks frequently of the fact that people will be able to come by bus/walk or cycle this does not happen currently at the other nursery nearby. That road is frequently blocked by parents who can't find a parking space simply stopping in the middle of the road to discharge young, vulnerable children which would likely happen in Grafton Road too - especially as drop off and pick up is likely to coincide with the other nursery already operating in the area.

Kind regards
