Comments:	<p>I would like to register my support for this planning application.</p> <p>The Church Hall has been in a very poor state of repair for some time and, given its prominent position in the centre of Shoreham, has unfortunately become an eyesore rather than a positive feature of the town. This redevelopment represents a valuable opportunity to restore and enhance an important local building.</p> <p>The proposed scheme would breathe new life into the site and, importantly, provide much-needed quality community facilities that are currently unavailable due to the building's condition. These improved facilities would clearly benefit local residents and community groups.</p> <p>In addition, the redevelopment would have a positive impact on the surrounding area, helping to lift the wider town centre environment and support nearby</p>

businesses. Overall, I believe this proposal will be of long-term benefit to Shoreham and the surrounding community and I strongly support its approval.
