Groundwater monitoring initial findings		21.01.2021

Reason: *For the avoidance of doubt and in the interests of proper planning.*

02. The development hereby permitted shall be begun before the expiration of 3 years from the date of this permission.

Reason: *To comply with Section 91 of the Town and Country Planning Act 1990.*

03. The development shall be completed in accordance with the schedule of materials approved under application reference AWDM/0045/23

Reason: *In the interests of visual amenity and to comply with policy 15 of the Adur Local Plan.*

04. No part of the development shall be first occupied until such time as the vehicular access serving the development has been constructed in accordance with the details shown on drawing 01 Rev E Proposed Site Layout.

Reason: *In the interests of road safety having regard to Policy 28 of the Adur Local Plan.*

05. No part of the development shall be first occupied until such time as the existing central access to Brighton Road as shown on drawing 01 Rev E Proposed Site Layout has been physically closed in accordance with plans and details to be submitted to and approved in writing by the Local Planning Authority.

Reason: *In the interests of road safety having regard to Policy 28 of the Adur Local Plan.*

06. No part of the development shall be first occupied until covered and secure cycle parking spaces have been provided in accordance with plans and details to be submitted to and approved by the Local Planning Authority.

Reason: *To provide alternative travel options to the use of the car in accordance with current sustainable transport policies.*

07. No part of the development shall be first occupied until the vehicle parking and turning spaces have been constructed in accordance with the approved plan. These spaces shall be retained for their designated use.

Reason: *To provide adequate on-site car parking and turning space for the development having regard to Policy 28 of the Adur Local Plan.*

08. The Construction Management Plan approved under application reference AWDM/0519/22 shall be implemented and adhered to throughout the construction period.

Reason: *In the interests of highway safety and amenity having regard to policies 28 and 34 of the Adur Local Plan.*

09. No part of the development shall be first occupied until a Travel Plan has been submitted to and approved in writing by the Local Planning Authority. The Travel Plan once approved shall thereafter be implemented as specified within the approved document. The Travel Plan shall be completed in accordance with the latest guidance and good practice documentation as published by the Department for Transport or as advised by the Highway Authority.

Reason: *To encourage and promote sustainable transport.*

10. No development above slab level shall commence until details showing the proposed location of [1] one fire hydrant or stored water supply (in accordance with the West Sussex Fire and Rescue Guidance Notes) have been submitted to and approved in writing by the Local Planning Authority in consultation with West Sussex County Council's Fire and Rescue Service.

The building shall not be occupied until the fire hydrant or stored water supply has been installed in the approved location to BS 750 standards and connected to a water supply which is appropriate in terms of both pressure and volume for the purposes of firefighting. The fire hydrant shall thereafter be maintained as part of the development by the water undertaker at the expense of the Fire and Rescue Service if adopted as part of the public mains supply (Fire Services Act 2004) or by the owner / occupier if the installation is retained as a private network.

Reason: *In the interests of amenity and in accordance with policy AG3 of the Adur Local Plan 1996 and in accordance with The Fire & Rescue Service Act 2004.*

11. Prior to commencement of the development hereby approved (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), the following components of a scheme to deal with the risks associated with contamination of the site shall each be submitted to and approved in writing by the Local Planning Authority:-

(1) A preliminary risk assessment which has identified:-
- all previous uses;
- potential contaminants associated with those uses;
- a conceptual model of the site indicating sources, pathways and receptors; and
- potentially unacceptable risks arising from contamination at the site.

(2) A site investigation scheme, based on (1) above to provide information for a detailed assessment of the risk to all receptors that may be affected, including those off site.

(3) The site investigation results and the detailed risk assessment (2) and, based on these, an options appraisal and remediation strategy giving full details of the remediation measures required and how they are to be undertaken.

(4) A verification plan providing details of the data that will be collected in order to demonstrate that the works set out in (3) are complete and identifying any requirements for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action.

Any changes to these components require the express consent of the Local Planning Authority.

The scheme shall be implemented as approved above and, prior to commencement of any construction work (or such other date or stage in development as may be agreed in writing with the Local Planning Authority), a Verification Report demonstrating completion of the works set out in the approved remediation strategy and the effectiveness of the remediation shall be submitted to and approved in writing by the Local Planning Authority. The report shall include results of sampling and monitoring carried out in accordance with the approved verification plan to demonstrate that the site remediation criteria have been met. It shall also include any plan (a 'long-term monitoring and maintenance plan') for longer-term monitoring of pollutant linkages, maintenance and arrangements for contingency action, as identified in the verification plan, and for the reporting of this to the Local Planning Authority.

Reason: *To prevent pollution of groundwater and in the interests of environmental protection and public health and safety, in compliance with the National Planning Policy Framework and policies 34 and 35 of the Adur Local Plan.*

12. No development above slab level shall commence until details of the acoustic glazing set out in table 5.2 of Noise Impact Assessment Report submitted with application reference AWDM/1217/20 has been submitted to and approved in writing by the Local Planning Authority. All works which form part of the acoustic protection scheme shall be completed before the building is occupied and shall specifically include the provision of Mechanical Ventilation with Heat Recovery and summer bypass for all of the affected rooms.

Reason: *In the interests of residential amenity and to comply with policies 15 and 34 of the Adur Local Plan.*

13. The foul and surface water drainage scheme approved under application reference AWDM/1326/21 shall be implemented and completed before the building is occupied.

Reason: *To ensure adequate drainage and to comply with the National Planning Policy Framework and policy 36 of the Adur Local Plan.*

14. The development shall not be occupied unless and until a full BREEAM assessment has been completed by a licensed assessor and confirmation has been submitted to the local planning authority that the development has achieved the BREEAM Very Good standard with a minimum 10% predicted energy demand coming from renewable sources.

    Reason: *To ensure that the development is sustainable and makes efficient use of energy, water and materials having regard to the National Planning Policy Framework and policy 18 of the Adur Local Plan.*

15. The building shall not be occupied until full details of all hard and soft landscaping works and the proposed times of planting have been submitted to and approved in writing by the Local Planning Authority and all soft landscape works shall be carried out in accordance with those details and at those times. Any plants which within a period of five years from the time of planting die, are removed or become seriously damaged or diseased shall be replaced in the next planting season with others of similar size and species unless the Local Planning Authority gives written consent to any variation.

    Reason: *In the interests of visual amenity and the environment and to comply with policies 15 and 30 of the Adur Local Plan.*

16. No development above slab level shall take place until details of all boundary walls and/or fences have been submitted to and approved in writing by the Local Planning Authority and the building shall not be occupied until such walls and/or fences have been erected and they shall thereafter be retained permanently

    Reason: *In the interests of amenity and to comply with policy 15 of the Adur Local Plan.*

17. No development above slab level shall be commenced until details of proposed measures for ecology enhancement and biodiversity gain have been submitted to and approved in writing by the Local Planning Authority. The approved measures shall be implemented before the building is occupied.

    Reason: *To ensure there is enhancement of biodiversity in accordance with policy 31 of the Adur Local Plan.*

Informatives / Notes to Applicant

01. The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

TOWN AND COUNTRY PLANNING ACT 1990
TOWN AND COUNTRY PLANNING (GENERAL PERMITTED DEVELOPMENT) (AMENDMENT) (ENGLAND) ORDER 2015

YOUR ATTENTION IS DIRECTED TO THE FOLLOWING NOTES FROM THE ABOVE ORDER. THEY ARE FOR INFORMATION ONLY AND DO NOT PRETEND TO SET OUT THE WHOLE OF THE LAW ON THE SUBJECT. IT WOULD BE WELL FOR YOU TO CONSULT YOUR SOLICITOR IF YOU ARE IN ANY DOUBT

Appeals to the Secretary of State

1. If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under section 78 of the Town and Country Planning Act 1990.

2. If the decision relates to a householder application or minor commercial application, and you want to appeal, then you must do so within 12 weeks of the date of this notice. If the decision relates to express consent for the display of an advertisement, then you must do so within 8 weeks of the date of this notice. If the decision relates to a non-householder application, an appeal must be lodged within 6 months of the date of the decision notice. Appeals must be made using a form which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol BS1 6PN (Tel: 0303 444 5000) or online at https://acp.planninginspectorate.gov.uk.

3. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

4. The Secretary of State need not consider an appeal if it seems to him that the local planning authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements to the provisions of any development order and to any directions given under a development order.

5. In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based their decision on a direction given by him.

Purchase Notices

6. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted. In these circumstances, the owner may serve a purchase notice on the District Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Planning Act 1990.

7. Where this notice conveys approval or permission, conditional or unconditional, please note that the decision given does not purport to convey any consent or approval which may be required under the Building Act and Building Regulations, or any other legislation.

Reduced time for making a planning appeal where enforcement action is being taken

Where an enforcement notice has been served on the same, or substantially the same, development as in the householder application within 2 years of the date the application was made, the period for receiving an appeal is within 28 days of the date on the decision notice or of the date by which the LPA should have decided the application. Where an enforcement notice was served after the decision notice was issued or after the end of the period the LPA had to determine the application, the period for receiving an appeal is within 28 days of the date the enforcement notice was served (unless this extends the normal 12 weeks deadline).
