RECOMMENDATION:	Advice

For the purposes of this application the Local Highway Authority (LHA) has been consulted on the wording of Condition 17 (cycle/footpath).

Having consulted with our Highway Agreements Team it is understood the cycle path has now been constructed. The original wording of Condition 17 stated barriers were required. On the submitted drawing SK003 Rev B we note that the cycleway details do not include any barriers. This would be accepted by the LHA. With corduroy paving and bollards to inform of a shared pedestrian cycleway this is considered workable with the bollards preventing vehicles from driving along the cycleway.

On the basis of the above no concerns would be raised to the approval of Condition 17.
