Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Other
- Privacy Light and Noise

Comments: I strongly object.

I am loosing count as to the amount of times I, and other residents, have to keep objecting the extension of the opening hours before the owner understands no resident here wants it.

The lights in the evening and early morning are extremely bright, there are flood lights from the jet wash that shine into my home, along with the store lights and the lights from the pump stands which are bright green. Extending the hours to 12 will disrupt my sleep even more than the store already does. I have a business to run and have to wake up at 4am every morning. I need and am entitled to a good nights sleep just as every other resident in this area is, as this is a residential area, something it seems the owner has no regard for. This constant push for more hours by the owner is causing unneeded stress on us, and it is worrying the council is still allowing these to be put forward.

As this is a residential area there is no need for a petrol station to be open this long. The council has

seen each application heavily objected, so I hope the council does right and rejects this application and blocks any further ones from going through as the residents and myself have had enough of this constant bombardment.
