Dear Matthew,

Please find attached WSCC Highways response to the above planning application.
Kind regards,
Alison

---

WSCC would like to understand the current car parking arrangements for the whole business unit. We would like to know how many parking spaces are being lost to the rest of the industrial units, if any, as a result of this arrangement.

It would appear that the spaces have been used for storage for some time now, and local representations indicate that parking is being displaced as a result of these car parking spaces being used. Therefore WSCC want to know where staff and visitors to Mid Sussex Supplies currently park if all or most of the spaces allocated to them have been used for external storage.

The issue regarding the encroachment of car parking spaces, should be dealt with appropriately by the LPA to ensure that all other parking spaces associated with the business units are still usable.
