Development Control – Delegated Officer Report

Application Number: AWDM/0975/22 Recommendation – PERMITTED

Site: 25 Tower Road, Lancing, BN15 9JR

Proposal: Application for Certificate of Lawfulness for a proposed loft conversion including hip to gable roof extension, rear dormer and front rooflights

Site visit: N/A

Site and Surroundings:

The site is located on the south side of Tower Road, Lancing, and is an end of terrace two storey dwelling. The property backs onto the railway lines.

The street scene comprises predominantly terraced two storey dwellings, some with extensions.

The site is not within a Conservation Area and is not a Listed Building.

Proposal

A Certificate of Lawfulness is sought for a proposed loft conversion and roof extension, to include a hip to gable (east elevation); 1no.rooflights to front roofslope (north elevation); dormer to rear (south elevation).

Planning Assessment

Principle

The proposal will be viewed against the criteria of permitted development, as laid out within The Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

Consideration

Schedule 2, Part 1, Development within the curtilage of a dwellinghouse.

Class B – additions etc. to the roof of a dwellinghouse

Permitted Development

B The enlargement of a dwellinghouse consisting of an addition or alteration to its roof

Development not permitted

B.1 Development is not permitted by Class B if:-

a) The dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q.

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

b) The height of the roof extension would exceed the highest part of the existing roof;

Analysis: The ridge height of the hip to gable roof extension will be the same height as the existing roof ridge and therefore does not exceed the height of the highest part of the existing roof; and the flat roof of the rear dormer is below the highest part of the existing roof.

(c) the roof extension would extend beyond the plane of any existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway;

Analysis: the hip to gable will be to the side roof section, and does not extend beyond the plane of the existing roof slope which forms the principal elevation of the dwellinghouse and fronts a highway;

(d) the cubic content of the resulting roofspace would exceed the cubic content of the original roof by more than:-
i) 40 cubic metres in the case of a terrace house, or
ii) 50 cubic metres in any other case.

Analysis: The submitted document named 'for proposed loft conversion' confirm that the total cubic content of the enlarged roof (hip to gable and rear dormer) will not exceed the allowed 40m^3 (Hip to gable 11.9 m^3 and rear dormer 25m^3 Total = 36.9 m^3

(e) it would consist of or include:-
i) the construction or provision of a verandah, balcony or raised platform, or
ii) the installation, alteration or replacement of a chimney, flue or soil and vent pipe;

Analysis: The loft conversion does not include a verandah. It does include a Juliette balcony which do not have raised platforms and thereby does not fall into the category of a balcony. The are no alterations or installations of a chimney, flue or soil and vent pipe shown on the application.

(f) the dwellinghouse is on article 2(3) land

Analysis: The dwelling house is not on article 2(3) land.

(g) the dwellinghouse is built under Part 20 of this Schedule (construction of new dwellinghouses).

Analysis: The dwellinghouse has not been created by virtue of Part 20.

B.2 Development is permitted subject to the following conditions:-

(a) the materials used in any exterior work must be of similar appearance to those used in the construction of the exterior of the existing house;

Analysis: The submitted notates that the materials will be rendered to match existing front gable and the tiles will also match the existing.

(b) the enlargement must be constructed so that:-

i) other than in the case of a hip-to-gable enlargement which joins the original roof to the roof of a rear or side extension –

(aa) the eaves of the original roof are maintained or reinstated; and

(bb) the edge of the enlargement closest to the eaves of the original roof is, so far as practicable, not less than 0.2m from the eaves, measured along the roof slope from the outside edge of the eaves, and

ii) other than in the case of an enlargement which joins the original roof to the roof of a rear or side extension no part of the enlargement extends beyond the outside face of any external wall of the original dwelling house.

Analysis: The proposal complies with the above.

c) any window inserted on a wall or roof slope forming a side elevation of the dwelling house must be:-

i) obscure glazed and
ii) non-opening unless the parts of the window which can be opened are more than 1.7m above the floor of the room in which the window is installed.

Analysis: There is no window being inserted within the side (east) elevation;

Class C – other alterations to the roof of a dwellinghouse

Permitted development

C. Any other alteration to the roof of a dwellinghouse.

Development not permitted

C.1 Development is not permitted by Class C if—

(a) permission to use the dwellinghouse as a dwellinghouse has been granted only by virtue of Class M, N, P, PA or Q of Part 3 of this Schedule (changes of use);

Analysis: The dwellinghouse has not been created through change of use by virtue of Part 3.

(b) The alteration would protrude more than 0.15 metres beyond the plane of the slope of the original roof when measured from the perpendicular with the external surface of the original roof;

Analysis: The agent's submitted email dated 02.09.2022 confirms that the proposed roof light will not protrude more than 150mm above the plane of the roof slope.

(c) It would result in the highest part of the alteration being higher than the highest part of the original roof;

Analysis: The rooflights etc., will not be higher than the highest part of the original roof.

(d) It would consist of or include—

(i) the installation, alteration or replacement of a chimney, flue or soil and vent pipe, or

(ii) the installation, alteration or replacement of solar photovoltaics or solar thermal equipment.

Analysis: None of the above are shown on the application.

Conditions

C.2 Development is permitted by Class C subject to the condition that any window located on a roof slope forming a side elevation of the dwellinghouse must be— (a) obscure-glazed; and (b) non-opening unless the parts of the window which can be opened are more than 1.7 metres above the floor of the room in which the window is installed.

Analysis: There is no window or rooflight shown within the side (north) roofslope;

Recommendation

Issue a Certificate of Lawfulness as the proposal is permitted development within Class B and Class C of Schedule 2 Part 1 of the Town and Country Planning (General Permitted Development) (England) Order 2015 as amended.

Reasons for Recommendation

The proposal constitutes 'development' as defined by Section 55 of the Town and Country Planning Act 1990, and is permitted by Schedule 2, Part 1, Class B and Class C of the Town and Country Planning (General Permitted Development) (England) Order 2015, as amended
