Dear Mr Porter

We are writing in support of the planning application ref. AWDM/0157/12/INVAL – 35 East Meadway, Shoreham by Sea, BN43 5RF.

We live immediately next door to Mr & Mrs Dupoy and have absolutely no objections to the plans originally submitted. At present there is a car port where the proposed new structure would be (that has been there at least since we moved to the area in 2007). It is our view that the planned new structure would be more aesthetically pleasing than the car port and would not at all compromise the look of the property or those around it.

The houses in East Meadway are all very individual in their look and character, something that makes it such an appealing place to live. We do not believe therefore that the plans would pose any threat to the character of the street if they went ahead.

Mr & Mrs Dupoy are a huge part of the small community that has built up in East Meadway and always go out of their way to provide help and support to their neighbours. We understand that they would plan to move away from the area if unable to adjust their living accommodation to suit their needs and this would be a devastating blow both to us personally and to the community around us.

If you have any questions or if there is anything we can do to be of assistance please do not hesitate to contact us.

Yours sincerely

Gary Parfoot & Jenny Stone
