Comments Details

Commenter Type: Neighbour

Stance: Customer objects to the Planning Application

Reasons for comment:
- Design
- Loss of General Amenity
- Overdevelopment
- Privacy Light and Noise

Comments: Further to my objections posted on the 2nd June 2018, and as my wife and I are away on holiday in Spain until 4th July, my daughter and son visited our house and measured the height of the proposed ground floor extension for us.

From their measurements there will definitely be a loss of light in our kitchen. From the plans I do not understand why the ground floor extension is so high and will be be intrusive to us .
Cannot the design be a conventional flat roof with no high side walls i.e. the same as the ground floor extension on our house.

To conclude, our comments and objections of the 2nd June 2018 still stand, but as a measure of neighbourly cohesion, could not the pans be amended so that the proposed north extension wall be extended in line with the existing exterior side wall of number 21 Mill Lane.
