Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	As an outstanding provider of childcare I feel an extension to the existing building to provide additional childcare spaces can only be a positive thing. The amendment to the existing proposed building will create a better space for the children. It will be a bright space, letting in lots of natural light and the shape the room will enhance the children's experience leading to more engaged learners.
