All materials will be similar in appearance. The side-facing windows are obscure-glazed. The parts which can be opened are more than 1.7 metres above the floor of the room in which it is installed. The proposed roof lights are permitted development; they do not project more than 150mm from the plane of the roof, they do not sit higher than the highest part of the roof ridge, they are not on a side roof slope that faces a highway, and they are not on a listed building.
