ARCHAEOLOGICAL ADVICE

RE: Multi Storey Car Park, High Street, Worthing

The application is for Approval of Details Reserved by Conditions 7 (Construction management plan) and 9 (Archaeological watching brief) of approved application AWDM/0968/25.

The submitted Written Scheme of Investigation (WSI) suitably outlines the methodology and archiving commitments of the required scheme of archaeological monitoring. Accordingly, I can recommend the discharge of Condition 9(1), to allow the development to commence.

The remaining elements of Condition 9(2 & 3) should not be discharged until the completion of the scheme of archaeological work, as specified in the WSI (2) and the submission and approval of a report detailing the results of the work (3).
