Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Privacy Light and Noise
Comments:	Dear Council, I am a yoga centre that has been offering yoga classes at 22 Marine Place for 33 years. The last two years have been particularly challenging. The dirt, noise and disregard for local residents and businesses by Craig Development are

unacceptable.

I have had classes permanently closed and single classes suspended due to noise or road closures that Craig Development advised would not affect my business. I have attempted to contact Craig Development nine times over the last few months but have received no response. The receptionist has repeatedly passed on my messages.

The constant noise has severely impacted my business. I am unable to work at the premises between classes and cannot promote my business effectively. I have not received a call back from Craig Development.

Previously they agreed to some compensation but now deny this was discussed.

Craig Development is disappointing as neither an ethical developer nor considerate of its neighbours. I do not support this application.
