Hello,

L.Baker [redacted] has sent you an enquiry from the Adur & Worthing Councils website. The page they sent the message from was:

http://www.adur-worthing.gov.uk/planning/applications/comment/

Account / Reference number (if supplied): AWDM/1657/15
Postal address (if supplied):
Contact telephone (if supplied):

Their enquiry was:

Regarding the above planning application I am concerned that the amount of additional heavy construction type traffic that will be caused in this congested area is detrimental, and should the application succeed I trust that the required restraints are placed upon the applicants to minimise the problems that may be caused to our local environment. The proposed new buildings do not seem to fit the current type of buildings in the estate, perhaps the applicants would be better suited to find a suitable site for this type of development where the traffic problem will not be caused, and of course the future increase in local traffic caused by this type of over development of residential sites.

Please reply to this email.

Thank you.
