To: Marie O'Keeffe <marie.o'keeffe@adur-worthing.gov.uk>

Dear Marie

Following our conversation this morning, I am unable to retrieve my earlier email regarding the proposed structure at 46 Downsway.
The observation that I made was that, according to the suppliers, the price of any orders from them, included fondation pads as needed in
a garden situation. This being said, the Studio could possibly be lowered by 150mm. Thus lowering the height of any privacy boundary fencing needed.
Enough space should also be left at the end of the new installation, to access and maintain 'their' boundary fencing.

Regards

Viv Knight
