The proposal is to adjust an already established business as a Beauty Therapist, from a commercial premises to a discreet outbuilding, in order to provide a more private, calm and comfortable experience for the clients.

Due to the increased cost of living and business overheads, this change of premises provides an opportunity for a local small business to continue and to keep providing personal care services to the community at an affordable rate.

Days operating will be up to 5 days per week, not including Sundays or Bank Holidays, welcoming long standing existing clients, on a one to one basis. Only one client will be seen at any time and due to building the client base over 16 years, both the clients and the therapist are considerate and respectful of others. Services offered will be of personal care, such as manicures, pedicures, waxing, lashes, brows and facials.

Ample parking is available throughout the day, however due to being a local business, the majority of those visiting are nearby and will be arriving on foot.
