Mr R.J. Pilcher
55, Wembley Ave
Lancs
Seaton BN15 9SY

Dear Sir

Have recein your letter, about planning for flats at Kingdom Hall. I think at this day and age, you need more than three garages for six flats. These day each flat will have two cars.

My other concern is the old slag of the back road. Don't you think you could get everybody in Bonnie Ave, Wembley Ave, and Wembley Garden

to get together and contribute to have the road properly done, as the bulbs are already gone to do one end.

I have been a resident here for over forty years, and I'm very aware of the road deterioration past. With more people using it, I think something should be done about it.

Yours faithfully
