Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Reasons for comment: - Design

Comments: We fully support this hybrid application, it will enhance the area, provide employment and voluntary opportunities for local people and enable young people including those with physical and mental health challenges to learn about animals and provide an opportunity to come into contact with farm animals.

---

It is a beautiful part of Sompting and building on the community farm initiative will enhance the semi rural location.
