Dear Matthew,

It would seem that no parking loss to staff or customers is occurring although I have no actual numbers to determine this anecdotal evidence. Should this be the case and indeed no cars are being parked elsewhere on the estate, and that the number of spaces provided are enough for the demand, then WSCC raise no highway objections.

Kind regards
Alison

Dear Tony Siriano,

Thank you for your email.

I have forwarded your comments onto WSCC as requested, and await their response.

Please note as you have instructed Tony Standing as your planning agent, I am obliged to contact me regarding the merit of the proposal. Can all future correspondence come from Tony Standing direct.

Yours sincerely,

Matthew Porter | Senior Planning Officer Development Management | Adur & Worthing Councils
01903 221355

Dear Matthew

Having read through your concerns please find my response below and if you have any further questions or would like me to clarify anything please do not hesitate to contact me by email or on my mobile 07989 676522.

Point 1. No parking spaces are being lost at all as the area we would like to use for storage is directly outside our units.

Point 2. We have 3 parking bays directly outside units 4 and 5 within the kerbed area which we designate for customer use. These bays are adjacent to the areas we have used for external storage. We actively promote our staff to use public transport and many use bicycles to get to work. They either use the external cycle store or our designated safe storage area within the units. We have four other parking bays adjacent to

the field that we use for staff parking and overflow for customer parking.

I hope this helps.
