Planning Application AWDM/0197/21
27 Griffiths Avenue Lancing West Sussex BN15 0HW

I object to the planning application which will mean loss of privacy for me in the garden. The style and design of roof extension is over-the-top and looks like a huge shipping container with 3 large windows looking right in my direction!

I also worry about the parking problems when the builders start working as the road is very narrow and not enough room for trucks and large vans to park.
