BN15 0QH

Email:

Phone Number:

Comments

Submission Type:
Customer objects to the Planning Application.

Comments:
I would like to object to the application based on the guidelines published by the council on the erection of pole mounted aerials. Clearly in all documentation readily available, it states that 'Back garden pole mounted aerials are not a suitable location due to the effect and visability to neighbours. The erection of this pole, satellite dish and aeriel clearly contrevene the councils published guidelines. Whilst I sympathise with the owners ability to get a TV signal, the location of the pole could be better to allow it to blend into the environment better. The current location makes it clearly stand out from both the front and back of the property.
