A very good afternoon to you Mr Bennett, I must start by apologising as I am fully aware that the above Planning Application deadline has now closed. Due to holidays and work commitments this is the first opportunity I have to respond

My name is Jo Dale and I occupy 13 The Mooring, North Lancing which is situated right opposite the Men in Shed Property. I know my landlord has replied and seemed to have commented on our behalf but this was without speaking and even acknowledging us before doing so this seems a little meaning less and even worthless!!

If anyone at all should have any issues with what happens within the Men in Sheds working environment it should be my family, as we look directly on to the property and are within feet of the building. With regards to their application and what they are requesting and knowing their current working practice they would never do anything to bring anything dangerous, hazardous nor Un Enviromental to the neighbourhood. All they do is bring joy in to so many peoples lives

On a personal note, which I do not feel that it will make much of a difference but I would like to make you aware. Up here along The Street and leading roads there is an "Old Wives Club" or even a "Witch Hunt" u for some reason against the "Men in Sheds" from the residence that have lived here all their lives and do not like change or outsiders coming in! They have rallied around to gain support from whom ever they can to protest against this application and any others in the future I'm sure !!

As I said previously, if anyone who have any issues it should be my family who live here at 13 The Mooring as we DO NOT have any issues at this moment in time nor with this application being put forward. The Men are a wonderful bunch of people who are kind, considerate and are always there to help anyone. Shame others don't think the same

Thank you for taking the time to read this and if I can help in any other way then please so not hesitate to contact me

Kindest regards
Jo Dale
