4. Description of the Proposal

Please describe the proposed single-storey rear extension.

The application relates to a single storey extension to the rear of a semi-detached house replacing an existing, unsuitable conservatory. The proposed extension would extend 4metres beyond the existing rear wall of the house, be 2.523metres in height at the eaves and 3.404metres at the highest point. This would provide an improved kitchen/dining space for the property. It would include 3 windows and French doors opening out onto the garden. As this proposal is an improvement of an existing, similarly sized conservatory it would not detrimentally impact neighbouring properties.

(a) How far will the proposed extension extend beyond the rear wall of the original dwelling measured externally ?	4	metres
(b) What will be the maximum height of the proposed extension, measured externally from the natural ground level?	3.404	metres
