Dear Mr Barnett

We have no objection re the above planning application to change 2 flats into a 5 bedroom House of Multiple Occupation provided that all the necessary regulations and licences are observed/obtained pertaining to the multiple person rented residency.

We have no objection to the proposed external alterations to windows and doors, along with single door entry from the side path.

I have recently spoken to the Manager in Reception at Showtec, and he advised that they were planning to have the scaffolding removed before Christmas 2019. From our perspective we would very much hope this will be actioned before Christmas as the external building works have been completed for some time now, and is an eye-sore to the residents of Orchard Close. I have given permission for scaffolders to access my front garden to facilitate removal of scaffolding to the Manager at Showtec, requesting a phone call as to when this will happen so we can keep the road clear in Orchard Close to assist with this.

We very much look forward to the completion of the building works as these have been on-going since January 2019.

The final building works are to replace the dilapidated and rotten fence facing Orchard Close after the removal of all the scaffolding, again the Manager at Showtec is fully aware of this.

Yours sincerely

Mr Edward Dilley
