This message was sent from outside Adur & Worthing Councils

I have attempted to comment to this planning application online, but the website will not accept.

As a local resident, I wish to object to the above application on the following grounds:

- Marine Drive is already a congested thoroughfare. Additional traffic will make it even more hazardous and unsafe
- Drilling a borehole for the extraction of natural water will disrupt local wildlife habitat.
- Animals should not be used for entertainment purposes!!!!
- Advertising would destroy the character of the local area
- Flagpoles would set a height precedent
- Selling food and drink would create more litter in the area

Local residents value this green space and it is a valuable wildlife habitat.
Commercialisation of the area will spoil the character and create disturbance.

Thank you
