Reasons for comment:	- Trees and Landscaping
Comments:	Firstly this is a conservation area, therefore we must protect trees as they are declining in number and take many many years to grow. This sycamore tree is on the land of Hope Cottages and not 56 The Green, who are the requesting to fell it. This is purely because the owner's of 56 are building a new house by it. I live directly at the back and the view from my property is facing the sycamore tree, which adds character and screening. I am most upset and apposed to the felling of this sycamore tree. The landscape/skyline will look a much worse place without trees in it.
