Comments Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Reasons for comment:
- Design
- Highway Access and Parking

Comments: The proposed design is in sympathy with the existing building and the existing adjacent extension. With the additional planning reference AWDM/0956/12 which will alleviate parking congestion in the close, this application enhances the street appearance without over development of the site. As the adjacent neighbour I commend the design.
