Development Control – Delegated Officer Report

Application Number: AWDM/0696/25 **Recommendation: APPROVE**

Site: **136 Barrington Road Worthing West Sussex BN12 4RS**

Proposal: **Application for Certificate of Lawfulness for proposed single storey side extension**

Site visit: N/A

Proposal, Site and Surroundings

The application relates to a mid C20 semi-detached painted brick house located on the north side of Barrington Road within an established residential suburb of the town. The dwelling is set back the road behind a soft-planted garden with off-street parking on a drive.

The dwelling has previously been enlarged by a small single-storey flat roof side extension in the early 1990s.

It is proposed to adapt and enlarge the side extension so that it extends the full depth of the dwelling. It will be 7.2m deep and 2m wide with a lean-to roof 3m high where it joins the side elevation of the main house, sloping down to eaves 2.5m high. Materials will match those of the main dwelling.

Confirmation is sought that an application for planning permission is not required for the proposed development.

The attached dwelling (No.134) to the east has been enlarged by a 2-storey side extension and a single-storey rear extension.

The adjoining end of terrace house to the west (No.138) lies substantially further forward of No.136 in its plot. It has been enlarged by a single-storey front extension and by a rear conservatory. A garage building is sited towards the rear of the dwelling between the side elevation and the site boundary with No.136.

The property is not listed, locally listed or within a conservation area. There are no TPO trees on the site.

Planning Assessment

The proposed development will be assessed in relation to the criteria for 'permitted development' set out in Schedule 2, Part 1, Class A of the Town & Country Planning (General Permitted Development) Order 2015 (As Amended).

Analysis: The dwellinghouse has not been created through a change of use by virtue of Part 3.

b) as a result of the works, the total area of ground covered by buildings within the curtilage of the dwellinghouse (other than the original dwellinghouse) would exceed 50% of the total area of the curtilage (excluding the ground area of the original dwellinghouse);

Analysis: The ground covered by the extension will not exceed 50% of the total area of curtilage.

c) the height of the part of the dwellinghouse enlarged, improved or altered would exceed the height of the highest part of the roof of the existing dwellinghouse;

i) extend beyond the rear wall of the original dwellinghouse by more than 8 m in the case of a detached dwellinghouse, or 6m in the case of any other dwellinghouse, or
ii) exceed 4m in height;

Analysis: The dwelling is not on article 2(3) land or an SSSI.

Analysis: The proposed extension will not be more than a single storey, therefore i) and ii) do not need to be considered.

i) the enlarged part of the dwellinghouse would be within 2m of the boundary of the curtilage of the dwellinghouse, and the height of the eaves of the enlarged part would exceed 3m;

Analysis: The extension will be sited within 2m of the curtilage boundary but the height of the eaves of the extension will not exceed 3m.
