Dear Sirs

Application to vary Condition 1 of planning approval AWDM/0831/24 – Single storey extension for the expansion of the emergency department at Worthing Hospital.

Crowther Architects are submitting an application to vary condition 1 of the planning approval AWDM/0831/24 for the extension of the Worthing Hospital Emergency department. This amendment will be a change to the external elevational treatments which are proposed to simplify the construction and reduce costs to make the scheme viable for the NHS to deliver this much needed additional clinical space to the existing department.

The changes that are shown on the revised plans are: the omission of the brise soleil, change to the lower level wall cladding material from the approved cladding panels to a rendered finish, and the reduction in the size and extent of the plant screening, which still maintains screening of the plant from the more open southern aspect.

The following approved documents and their proposed revised replacements are listed below:

Approved Document	Proposed revised document
Proposed GA Ground Floor & Site Plan WORUT2-CAA-33-ZZ-DR-A-2005-P05	Proposed GA Ground Floor & Site Plan WORUT2-CAA-33-ZZ-DR-A-2005-C09
