West Sussex County Council, in its capacity as Local Highway Authority (LHA), have been consulted on discharge of conditions attached to AWDM/0968/25.

Condition 7 – Construction Environmental Management Plan (CEMP)

- Access via Teville Gate
- Vehicle routing to site compound shown and turning areas.
- Material and plant storage areas shown.
- Wheel washing at site entrance/exit.
- Holding areas for deliveries shown.
- Contractor parking shown. Car sharing will be promoted.
- Extent of site boundary and hoarding shown.
- No reversing into site or Teville Gate – turning on site.
- Frequency of different types of vehicles set out. – where possible the applicant should ensure best endeavours to restrict deliveries to arrive outside of peak traffic times i.e. not between 08:00 – 09:00 and 16:00 – 17:00 hours to minimize disruption to the local area and ensure that deliveries to site are kept to their allocated slots.

Conclusion

From the Local Highway Authority's perspective there would be no objections to the proposals from a planning perspective. Any highway assets that require temporary resighting or removal will have to be reinstated. Any works on the highway would include highway licences from the LHA's Street Works Team prior to any works starting.
