Sirs

As owners of a property in Goring for over twenty years, we wish to strongly object to the above planning application on the grounds of:

The Local Plan states that this area is part of the Local Green Cap and therefore it states that there should be "No Development of any type on the land."

In the past, the Planning Inspector stated that it would be wrong for anything to be done to impair the effective agricultural use of the land.

The suggested activities would change the current character and openness of the land, whether that was viewing it on foot, or from afar from the beauty spot of Highdown Hill.

We live 0.5 mile from the site and when there are local "Runs" we hear loudspeakers which are sited adjacent to this land and therefore the quietness of the area would be compromised.

The vehicles, equipment and shipping containers currently on site are a complete eyesore.

The entry and exit for vehicles and pedestrians constitutes a hazard, as on the south side of the road there are always parked cars and camper vans especially in fine weather. Overnight accommodation for camper vans and the like would totally change the character of the area, especially the site as a "Local wildlife site."

Mention is made of Shetland Ponies or similar on the site, which is totally unacceptable in this day and age.

We trust that the Planning Committee will take these and other adverse comments into consideration and refuse planning consent.

Barry and Janet Reading [67 Aldsworth Avenue, Goring-By-Sea, BN12 4XG](#)
