Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Highway Access and Parking - Loss of General Amenity - Other - Overdevelopment - Privacy Light and Noise - Trees and Landscaping
Comments:	The area of the proposed development is a community space with open views of countryside, fields and trees to be enjoyed by all including people and wildlife. The current proposal is not in keeping with any of the natural environment of the area and would cause excess traffic, congestion and pollution. A commercial enterprise as proposed will eventually lead to further planning requests for development and destruction of the area.

Adur & Worthing Councils Mail - Comments for Planning Application AWD/0737/26

If the current use of the plot is a view of things to come, it will be a very poor quality development and certainly not family friendly. As an encouragement to possible users free beer was on offer this weekend. Please do not allow this awful blot on our landscape.

Kind regards
