Dear Planning,

I have tried to make a comment / objection to the planning application reference AWDM/0737/26, but your web site would not allow me to do this. I understand from other people who have also tried to make a comment that there have been problems with doing this. Please could you add my comments / objections to this planning application?

I totally object to the proposed Bar and Storage gaining planning permission on Marine Drive, Goring. It is a rare area of outstanding beauty providing very necessary green space for wildlife and biodiversity in this built up area. It is one of a very few clear vistas of Downs to Sea in Sussex, making it a very special place. Shipping containers for storage during winter months would greatly impede and ruin the natural beauty of Goring Gap, which is so enjoyed by many. Generally people move and live in Goring and Ferring to enjoy the peace and beauty. A bar providing beer and alcohol until 11.30 pm in summer months should be located in a town centre where public transport is available for customers who would like to drink alcohol safely and not drive. There is no public transport connecting the proposed site. Parking in Marine Drive and the surrounding roads is at capacity during sunny days throughout the year, with cars already parking on double yellow lines. This potentially already makes a dangerous situation for visitors, particularly for families with children and dogs and people using wheelchairs, and also for vehicles, including many bicycles, trying to pass through the roads and negotiate the many visitors who enjoy the green spaces and sea. There is no pavement outside the intended bar and car access could be very dangerous to the intended site. A mirror was recently installed by the road into the site, proving the fact of difficult access which also is a narrow track with high hedges on each side of the road. A sign was also outside advertising free beer and I believe there was a burger sign at one point, now the sign says artisan beer etc. all which would need necessary licensing and health certification? The coast at Goring has Sea Lane Cafe and Bluebird cafe at Ferring which both have safe car parks. There is also a popular mobile van providing snacks and drinks, as well as numerous ice cream vans, so visitors and locals are already provided with plenty of refreshment and food choice. Goring and Ferring are peaceful areas and residents move to the area for peace and the natural beauty - not for loud music until 11.30pm.

Many thanks.

Kind regards
Janis
