I am totally bemused as to how many times this person can re-enter his planning application.

My main points of contention are

Unwanted traffic congestion which in turn causes danger to pedestrians

Alcohol license which will contribute to unruly behaviour and serious rise in noise pollution

The associated increase in rubbish of all types, putting a heavy burden on local services

Overnight camping is not desirable because there are no facilities ie toilets or showers. It will also be impossible to control alcohol consumption or noise or undesirable behaviour

Who will be expected to police all of this and control or clean up ? It would be a very sad desecration of what is a designated part of Goring Gap - a very special green area which supports wildlife and the tranquil environment that should exist there. A rowdy, noisy, overcrowded area, totally out of context and character with the surrounding area.

Having raised my feelings about this problem in the past I will not add anything further. we have to rely on you and your department to stand firmly with us and deny this persistent person who will not take NO for an answer. Please, please support local residents who look upon this with horror.

Thank you in advance for your help and support,
Kay Walker
