I object to the above planning application for the following reasons:

Two well managed cafe/restaurants providing food and drink are within easy walking distance of the Gap: Sea Lane cafe, Goring and the Bluebird, Ferring. Both have public convenience facilities. There is also a mobile coffee van.

Noise pollution. With a large group of people camping on a piece of land overnight and with alcohol available, noise and antisocial behaviour is more likely. Plus a possible fire hazard.

There is already a no overnight parking policy in place in that area of highway for the above reasons.

Traffic problems. There is one entrance/exit to the land which means pedestrians, cars, delivery and waste trucks etc. will need to use it. This will cause safety issues, particularly when visitors to the beach etc. are parked along the highway.

Damage to the environment. Caused by the multiple activities taking place on this piece of land. Surely this will have a negative effect on a biodiversity plan.

Having a sand pit and mound for children to play on when there is a beach and grass area across the road is totally unnecessary.

"Animals used for entertainment" does not sound appealing.

Goring gap is a necessary green space providing a scenic and tranquil area for all.
