I would like to object to AWDM/0737/26

- 1- It's a local wildlife site .
- 2- we require biodiversity gain not loss .
- 3- we will be affected by noise pollution and partying this site is very close to our homes .
- 4-very importantly the entry and exit is very unsafe especially with the amount of parked vehicles along the road .
- 5- The entry / exit of vehicles could cause significant congestion affecting the road and nearby roads .6- over night accommodation for camper vans would encourage overnight road parking which is already a problem especially if there are more vans than accommodation spots .
- 7- The proposal will impact and is not compatible with designated wildlife site with locals living close and with the visual appeal of the Gap and extra litter .
