Dear Sir, I object to any permission to build, develop or use the land for anything other than horticulture. That being trees, flowers or crops. It is a habitat for nature and a dark sky space for night time viewing of the sky. This person asking for planning permission is already trying to pull the wool over people's eyes with his sign on the road. Free Beer, until a closer look at the sign you see Free and in little words parking. Same for the word Beer. In little words cold. The Goring Gap should be left as the Gap for the community and people that use it to enjoy as it is now and forever more.
