I wish to make it known that I strongly object to this planning application which I consider totally inappropriate for the area. I also believe that if permission was granted it would set a precedent for more housing. The Goring Gap is such a special place - a haven for wildlife and biodiversity. We do not need, nor want, food trucks, camping, etc on this beautiful unspoilt area. The increase in noise, traffic pollution, litter will totally ruin this piece of countryside. This is an important site as it is the largest area of open green space between Brighton and Bognor Regis and should therefore be protected at all costs.
