I wish to comment: object to the above change of use of land in the application AWD/0737/26.

It is clearly designated arable-farming land.

The recent incursion into the land is an undefined mess with an odd assortment of vehicles.

The whole nature of that untouched area has been altered.

If planning permission is granted it opens the floodgates for further development by setting a precedent.

It is very noticeable that flag poles will be evidence for future height building.

The gap has begun to become slightly tacky with- several icecream vans, coffee trucks allowed. Aswell as the hideous sauna truck and old caravan by the cafe.
