I would like to submit a comment on the above application and your Planning Site is not allowing me to do so

I would like to object due to the following reasons

The Goring Gap is cherished by local people for its beauty and charm

Allowing this sort of activity with so many cars, equipment, and overnight camping would cause serious harm to wildlife, agriculture. The traffic is already congested at busy times of the year

Allowing alcohol to be served is not good as there are numerous bars in towns nearby and would attract problems to a quiet family beach.

The planned major events would include loud music and unacceptably noise levels to local residents.

The Local Plan does not allow any development whatsoever. The land is prime agricultural land

Please do not allow this to go ahead
