Comments:	I support this proposal and think it is a great way to provide for 10 families to have homes to be proud of within the Adur District. The land itself, in its current use is fairly unremarkable, and in my opinion permitting this application will add to and enhance the immediate local area without any detrimental impact at all. I think the road providing access from the A259 is more than capable of sustaining the additional traffic, which given the immediate proximity of the airport will be a minimal increase in traffic flow and volumes.

Kind regards
