Stance:	Customer objects to the Planning Application
Reasons for comment:	- Design - Other - Privacy Light and Noise
Comments:	I strongly object to the plans of this application, especially to the full length rear dorma. My reasons for this are as follows : Loss of privacy. Number 24 Hawkins crescent backs on to my property at an already raised level. Therefore, with the proposed plans this would mean that my garden would no longer be private, and their windows will be looking directly into my bedroom, Giving me absolutely no privacy what so ever! This is a very large dorma, which will also take away my lovely view of the south downs. Which was why I purchased this property. Decrease of value..

By this dorma being approved, my property will decrease in value considerably due to being so overlooked.
Please bear in mind, number 24 is already higher than my property and will be totally looking straight down and into my property. Which is making me feel very insecure knowing that my security and privacy is being taken away.

Kind regards
