Comments Details

Commenter Type:	Member of the Public
Stance:	Customer made comments in support of the Planning Application
Reasons for comment:	
Comments:	I am 100% supportive of the installation indoor heat pump. We have previously installed one and it gives us added benefits to our well-being. From our experience, it does not create any additional noise both internally or externally to the environment. As a patient of Your Choice Medical, their values are about supporting the local community and increasing well-being which is critical during these difficult times. We need to support local businesses and allow them to grow to better support the community.

Kind regards
