This application has been dealt with in accordance with the Development Control Scheme protocol for small scale proposals which include up to 5 residential units or extensions to single units accessed from roads that do not form part of the Strategic Road Network (SRN). As such the comments provided by Local Development should be considered to be advice only, with respect to this planning application.

This proposal has been considered by means of a desktop study, using the information and plans submitted with this application, in conjunction with other available WSCC map information. A site visit can be arranged on request.

I refer to your consultation in respect of the above planning application and would provide the following comments.

West Sussex County Council was consulted previously on Highway Matters for this location under planning application AWDM/390/12 to which no objections were raised. This application was granted consent by the local planning authority.

This application seeks to vary condition 6 of this application to allow for more than one animal to be kept in a pen. From the information supplied there would be no anticipated highway safety concerns raised to the variation of this condition.
