Address:	71 Upper Brighton Road Worthing West Sussex

Comments Details

Commenter Type:	Neighbour
Stance:	Customer objects to the Planning Application
Reasons for comment:	- Privacy Light and Noise
Comments:	I am writing to formally object to the planning application for advertisement consent at The Charmandean Centre, Forest Road, Worthing, proposing the installation of five internally illuminated advertising boards. As a resident living directly opposite the site, I have several strong concerns regarding this proposal: 1.Light Pollution and Residential Impact The illuminated boards would be directly visible from my property, with light shining into both my upstairs and downstairs windows. This would have a significant and negative impact on my home environment, especially during evening and night-time hours, affecting both comfort and quality of life. 2. Highway Safety and Distraction Risk Upper Brighton Road has already been the location of several accidents in recent years. The addition of bright, illuminated signage in close proximity to the carriageway poses an additional distraction for drivers, particularly at night or in adverse weather conditions. This raises genuine safety concerns for both motorists and pedestrians. 3. Noise and Environmental Impact Residents along Forest Road already experience high levels of noise pollution due to traffic and nearby activity. The installation and ongoing operation of illuminated advertising boards would only contribute further to the disturbance and reduce the residential amenity of the area.

For these reasons, I strongly object to this application and urge the council to refuse planning permission for the proposed illuminated signage.
