I am emailing to object to the proposal for car parking, sandpit and mound at Goring Gap. Although the proposal looks fairly harmless I fear this will set a precedent for further development. I have used this area for over 70 years and it serves as a natural green break between Goring and Ferring. It is also high quality agricultural land and this is how it should remain. I urge you to reject this application and protect the Gap for future generations.

Regards

Gillian Taylor
